

VOLUNTEERING IN DECD SCHOOLS, PRESCHOOLS AND CENTRES

Anyone can offer to volunteer.

People from all ages and backgrounds can contribute by sharing their life skills and experiences.

There are many areas where schools, preschools and centres could do with your help. Volunteers assist in many ways including reading, mentoring, coaching the sports team, lending a hand on an excursion, sharing knowledge, or helping out in the canteen or library.

A staff member will meet with you to discuss your areas of interest and guide you through the process of applying. The school, preschool or centre will also provide you with the necessary induction and training required for your role.

For more information about volunteering contact the site you wish to volunteer at and let them know you are interested.
