## Adelaide Zoo Excursion

Hampstead Primary students in Rooms 16, 17 and 12 enjoyed a wonderful trip to the Adelaide Zoo. The children had a lovely day spotting animals and observing all of the different habitats which different animals live in. There were some keen adventurers who studied the Zoo maps and worked out which animals they would like to see and how they could plan a route to get there. What clever thinkers!

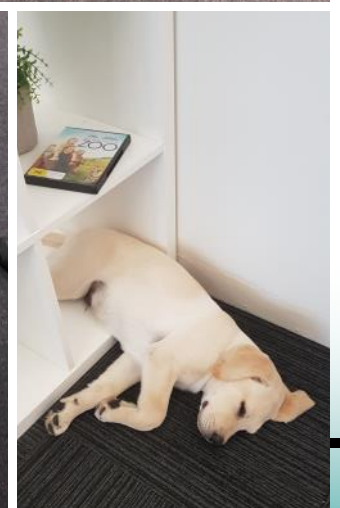

## A Letter from Lester

Hi Everyone!

This week I've been having some helpful Hampstead humans help me practice my listening. First I lie down and get really comfy, then one of the Hampstead humans will pull out a book and start reading to me. I like the rhythm of their voices—it makes me feel safe and calm. Not only are the humans helping me, but I'm also helping them too as they get to practice reading aloud to a very special paw-dience!

I'm now old enough to go on short adventures on the weekends. I've had some great experiences—a lovely stroll around the neighbourhood, watching my first soccer game, and even eating my first raw hide bone. Yummy! I helped out on the Pupil Free Day with our library renovations too. I kept thinking of better places to put the pot plants, but sadly nobody else thought the floor was a great idea... All of these new experiences sure tire me out, but I'm having a great time at Hampstead and am definitely one happy, good boy!

Sending you all lots of wags and licks,  
Love Lester

## A Busy Term 2

Term 2 has been full of many learning opportunities for our classroom. We have been fortunate to have guest speakers visit us and even an excursion into the city of Adelaide to further our learning about National Sorry Day. Our visitors included the Red Cross, who visited us and spoke about their Migration Support Program for immigrants and Constable Andrew from SAPOL, who spoke about cyber usage and cyber bullying.

### National Sorry Day Excursion

Room 7 joined Room 5 on an excursion to learn about National Sorry Day. We all headed into the city via public bus, which all the students enjoyed very much. We arrived at the event which was held at Victoria Square, where many agencies took part in providing support and knowledge to remember the mistreatment of Australia's indigenous population who were part of the Stolen Generation.

### Police Presentation: Cyber Bullying and Cyber Usage

Our class were privileged to have a police officer visit our school and discuss with us the importance of knowing more about the cyber world. Constable Andrew taught students about managing privacy settings, the use of social media and the importance of knowing who is online. The students enjoyed discussing this topic and learning more about the cyber world they live in.

### Red Cross Migration Support Program

Francesca from Red Cross provided information about the reasons as to why people leave their country and the challenges they are faced with. The students were very interested in understanding more about why and what happens when people flee their country showing an engaged curiosity.

### Suitcase Activity

- How did it feel having to choose only six things to bring?
- How did it feel to have decisions made about what you could keep and what you couldn't?
- Do you feel this helps you understand how it might feel to have to leave your home quickly in search of safety?
